Task:

   A. Donut Chart
   B. Area Chart
   C. Text table
   D. Highlighted table
   E. WordCloud
   F. Funnel Chart
   G. Waterfall

A) Donut Chart :

        They are similar to pie charts but with a hole in the center.

B) Area Chart :

They are great for showing how values change and compare over a period.

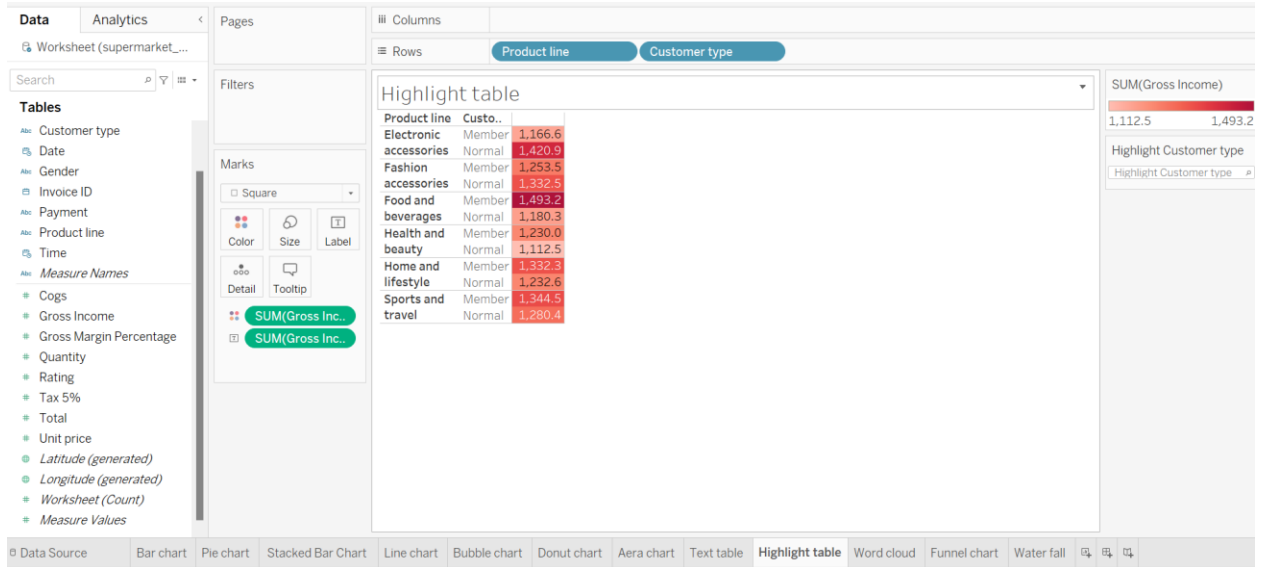

C) Text table :

The table shows the values in the rows and columns.

D) Highlighted table :

Highlighted table shows the values are less or more according to colours.If the colour is light they are having less value, colour is dark they are having high vallue.

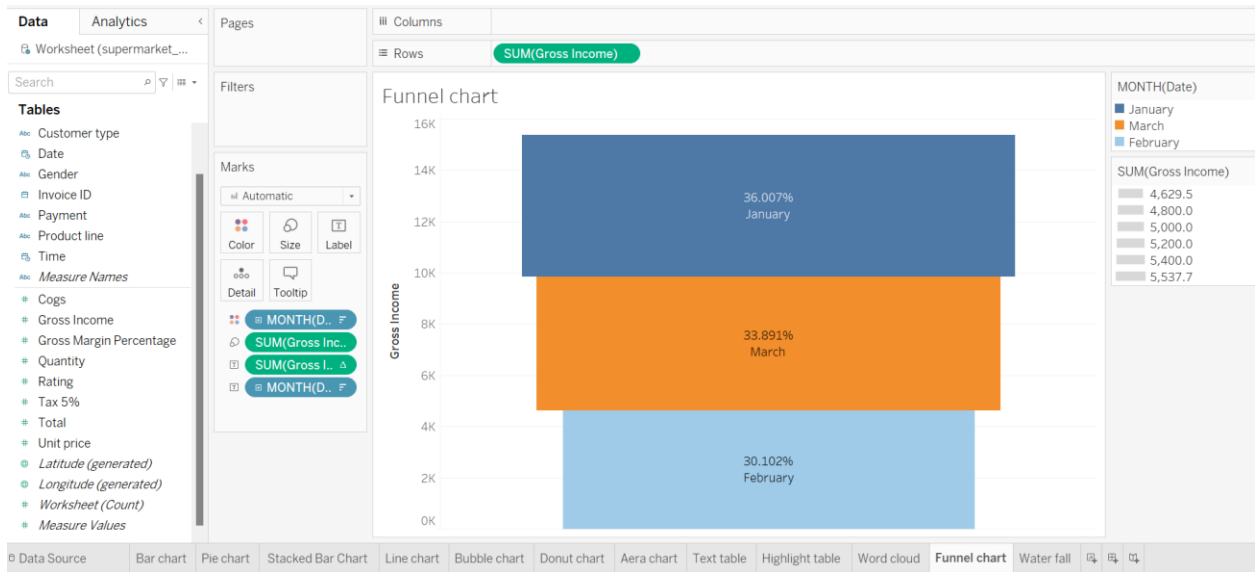

E) Word Cloud :

Word cloud shows the values of particular field or datapoints in cloud format.

F) Funnel Chart :

   Funnel chart shows the values from high to low in Funnel format.

G) Waterfall :

   Waterfall shows datapoints in the format of positives and negatives or flow of water.
